LES SOLISTES

M

Soil : clay-limestone.

*The story begins with the 2019 vintage ...
We wanted this cuvée to reveal the terroir we
love so much, creating a wine that respects the
fruit in its purest form.*

*For this first 2019 vintage, we selected 4 grape
varieties from the 5 present on the property:
Merlot, Malbec, Cabernet Franc and Petit Verdot.
The grape varieties were aged individually in our
new egg-shaped vats which have the same
properties as a barrel, only without the oak.
The result of this cuvée "Les Solistes" exceeds our
expectations by revealing its pure fruit. A real
delight wine.*

Winemaking : First aging of 8 months in classic
vats then 15 months in ovoid vats.

*The ovoid vats (egg-shaped) in which we have
aged these mono-varieties favor the movements of
the wine: the lees are thus naturally stirred up,
eliminating any human intervention.*

*The long and gentle maturing process leads to
silky tannins for each grape variety.*
