

VIGNOBLE MAULIN

CHÂTEAU DES ROMAINS 2018
Bordeaux Supérieur

Vignoble Maulin, Montussan, France

CHÂTEAU DES ROMAINS

M

Soil : The 35 years old vines are planted on a clay limestone soil, on a hillside, which gives the berries their maturity.

Vineyard area : 2,95ha.

Vine yield : 35hecto/hectare.

Vine growing : The planting density is about 4500 plant per hectare, we work our soils mechanically and practice reasoned agriculture on the property since 1990. We do a short pruning in order to reduce our yields and obtain the best quality for our berries.

Winemaking : The harvest is done mechanically, then we use a sorting table at the winery and temperature control to follow. We realize a long maceration of 8 weeks to produce colorful wines focused on flavours.

Production : 16 000 Bottles
