Bordeaux Supérieur

**MERLOT**  
**CABERNET SAUVIGNON**

**Maulin Vineyard, Montussan, France**

# CHÂTEAU DE GASSIS

# M

**Soil :** *The 35 years old vines are planted on a clay limestone soil, on a hillside, which gives the berries their maturity.*

**Vineyard area :** *25ha.*

**Vine yield :** *42hecto/hectare.*

**Vine growing :** *The planting density is about 4500 plant per hectare, we work our soils mechanically and practice reasoned agriculture on the property since 1990. We do a short pruning in order to reduce our yields and obtain the best quality for our berries.*

**Winemaking :** *The harvest is done mechanically, then we use a sorting table at the winery and temperature control to follow. We realize a long maceration of 8 weeks to produce colorful wines focused on flavours.*

**Production :** *140 000 Bottles*

**ALCOHOL 14,5 % BY VOL. 750 ML**
