Bordeaux Rosé

MERLOT
CABERNET SAUVIGNON
CABERNET FRANC

Maulin Vineyard, Montussan, France

CHÂTEAU
LA TUILERIE **M**

ROSE

Soil : The 35 years old vines are planted on a clay limestone soil, on a hillside, which gives the berries their maturity.

Vineyard area : 0,95ha.

Vine yield : 43hecto/hectare.

Vine growing : The planting density is about 4500 plant per hectare, we work our soils mechanically and practice reasoned agriculture on the property since 1990. We do a short pruning in order to reduce our yields and obtain the best quality for our berries.

Winemaking : The harvest is conducted at optimal maturity and after a skin maceration of 6 to 8 hours, the grapes are pressed to be fermented at low controlled temperatures. The aging on lees last several months.

Production : 5 000 Bottles

ALCOHOL 13 % BY VOL. 750 ML
